

invest[!] photonics[!] 2008 Bordeaux

International Partnering Convention

December 11-12th, 2008

This year Invest in Photonics chose to focus on 3 major photonics applications:

Energy (photovoltaic, lighting, LED, OLED, etc.)

Health (medical lasers, biophotonics, medical imagery, etc.)

Electronics & Telecom (consumer electronics, displays, IT, sensors, etc.)

Provisional program

MARKET Time - Conferences

- Photonics markets
- Telecom and Consumer Technologies
- European financing for companies
- Biophotonics
- Venture Capital
- Lighting and Energy
- Equity transactions in Photonics (IPO, M&A)

BUSINESS Time

- Company Presentations

INNOVATION Time

- Show Room
- Visit of the Laser Mega Joule facility

NETWORKING OPPORTUNITIES

- Gala Dinner at Relais de Margaux
- Extra Day at Relais de Margaux (golf, spa, etc.)

Objectives

- Facilitate meetings between **Entrepreneurs** and **Executives** from the photonics industries and **Investors** and **Analysts** following the entire photonics applications sectors (energy, environment, telecom, health, industry, consumer technology, etc.)
- Address the **major economic and business issues** facing the industry.

Call for Presentation

- To complete with this objective, the BUSINESS TIME is a very special highlight for Entrepreneurs as it gives them high visibility during the 2 days of the event, and so, making it easier meeting potential partners or investors.

- In this context, we are organizing a CALL FOR PRESENTATION opened **to all companies in the photonics field and all its application sectors.**

This Call for Presentation is for:

- **Companies looking for funds**
- **Companies looking for industrial and financial partnerships**
- **Technology Corporations launching spin-offs**

Audience

- **Investors:** Venture Capital Firms, Development Capital Funds, Investment Bank, Corporate Ventures
- Top executives from **Technology Corporations**
- **Entrepreneurs:** executives and decision makers from emerging and established photonics companies
- **Market Analysts following the Industry**
- **Associations servicing** the photonics industry
- **International media**

Participation deadline: 30 September!

Download your application form and submit your presentation at:
