

PRESS RELEASE JMS Fahrzeugteile, MINI Cooper Convertible

Funcar „topless“: MINI Cooper Convertible with Barracuda Tzunamee EVO

Summertime is convertible time! And one of the most fun ways to enjoy the open-air feeling “topless” is known to be the convertible version of the MINI Cooper. The small car runabout sweeps even more agile around corners of all radii, of course, if it has previously put on stylish new "sports shoes" - like the 2020 MINI Cooper pictured here, the JMS Fahrzeugteile from Walddorfhäslach with a set of Barracuda Tzunamee EVO alloy wheels and H&R sport springs equipped.

Even when stationary, the Tzunamee EVO wheels from Barracuda Racing Wheels appear dynamic. They are used on the MINI Cooper in the size 8x18 inch ET43 with tires in 215/40R18. Their bright "silver brushed" finish shows hand-brushed spoke ends, which contrast subtly with the silver basic color. The H&R springs lower the vehicle by around 35 millimeters and thus ensure sportier cornering behavior and a crouched look while at the same time being unrestricted for everyday use.

Optionally, JMS Fahrzeugteile for all MINI Cooper variants offers further upgrades such as performance enhancements, sports exhaust technology, wind deflectors, etc.

By the way: There are more than 50 breathtaking videos on the JMS Fahrzeugteile YouTube channel - it's worth clicking and subscribing! All other facts as well as price and delivery information on the entire JMS program are available from:
