Press release, 16th May 2020

## JKA Karate World Champion Rodrigo Rojas from Chile is Online

### World Champion Rodrigo Rojas coached the worldwide community for the first time

Rodrigo Rojas is exceptionally talented and a popular figure. He impresses people with his physical and mental strength. Outside the competition area, he is very balanced and he smiles a lot. Due to his positive charisma and his fighting spirit, he has become a great example for many karateka. During the Covid19 crisis, Rodrigo Rojas engages in social pursuits. He immediately confirmed his participation in this project and he coached without remuneration.

Since 1998, the Japanese has dominated the World Championship competitions of the Japan Karate Association. In Limerick, Ireland, Rodrigo dominated the world karate elite and got the title.

South America has been getting stronger and stronger in the one point System (Ippon System) for the last decade. Rodrigo outclasses his opponents due to his outstanding tactical skills.

In the One Point System, the opponent has to be defeated by one technique thus being incapacitated. The execution of the technique has to be stopped 1 cm before the target. The fighters wear thin fist protectors and no foot protectors so the fight requires much experience and control. There are almost no injuries.
