

Press release JMS Fahrzeugteile GmbH Mega event in the Swabian Alb: Performance Fair & Car Show Part IV

With the Performance Trade Fair & Car Show organized by JMS Fahrzeugteile, a now firmly established highlight of the tuning scene is entering its fourth round. As in 2022, visitors can look forward to a spectacular and unique mix of on-site meetings and trade fairs as well as vehicle presentations broadcast live online.

The location for Part IV of the Performance Trade Fair & Car Show on September 9th is, as usual, the Motorworld Village Metzingen at the foot of the Swabian Alb south of Stuttgart. Various well-known exhibitors will set up their stands in the spectacular forging hall of Motorworld and the surrounding area: including BBS, Barracuda Racing Wheels as well as Cor.Speed Sports Wheels, Schmidt, OZ Racing, KW, Eibach, H&R, Hankook, Breyton Wheels, Giacuzzo, Milotec, Oxigin, Gladen Audio and G&S Fahrzeugtechnik. Even world premieres are planned: Barracuda Racing Wheels will present the new wheel Razzer and Breyton the rim innovation impressive. Otherwise, the manufacturers are not only happy about the direct contact with the customers: Live streaming of the entire event via YouTube gives them an even larger audience.

The event will be moderated by the proven team of William De Fensfooster, model Sabrina Doberstein, well-known from television and the fashion world, and JMS owner Jochen Schweiker. Visitors can also look forward to seeing some stars and starlets from the world of TV, social media and music. The tuning professionals known from VOX will be represented with their own stand. Also there are influencers like @leaa.nit with her M2 Competition and @kathi.tt8s. The pop singer Madeline Willers, who will even present a new song live on stage, will provide a musical highlight. To round things off, Metzingen-based quick-drawing artist Oscar Barrientos is organizing an exhibition of his works.

The more than 200 show cars from all over Germany, Switzerland and Austria are not just builds from tuning companies. Various private vehicles will also be on display on the Motorworld outdoor area and will take part in a Show & Shine competition. The five best vehicles will be presented in the live stream in the afternoon. In addition, the top 3 each receive a trophy and prizes totaling several hundred euros. The latter also beckon to the best participants in the driving simulator and wheel-changing competition organized by car dealer Dettingen/Erms together with race-simulator.de. Anyone who wants to be there live at the Performance Trade Fair & Car Show Part IV should decide quickly. Due to the limited size of the site, entry is only possible for a limited number of visitors. This also applies to the after-show party starting at 8 p.m. According to the current status, this is already around 70 percent fully booked. If you can't be there live in Metzingen, you can find the link to the live stream here: <https://youtube.com/live/jDspzfWy0rk>

Further information on the Performance Fair & Car Show Part IV and all facts as well as price and delivery information on the entire JMS vehicle parts program is available from:
